Need help with your computer(s) – repairs, upgrades, and training or want to create an in-home wireless network? For the last 12 years I have provided IT support for all Apple desktop/laptops computers, iPhones, iPads, as well as backup IT support for windows based desktop/laptops computers and networking for a Rhode Island engineering company.

Bob & Nancy Contursi
16 Nicki Way
508/779-7399

Nancy can provide rides for local medical appointments, grocery shopping, cooking light meals and run miscellaneous errands
Bob is available for light moving, heavier moving with others, some repairs, outside work or helping diagnose problems.

Kevin Mulligan
22 Andrews Drive
508/981-9718

I am available for small odd jobs, repairs. I have rebuilt 1 home and up-dated another so I have some experience. If I don't think I can do the job I would certainly let the person know it's out of my skill range. I have 'sliders' so I can move heavy furniture and would be available if anything became a 2 or 3 man job.

I can help with any type of trades' assistance. My profession is in all aspects of construction. My primary job is at the Raytheon Company for about 37 years in the maintenance/facilities dept. My title is a carpenter. I also run a crew outside of the facility, all trades including (Master license Electricians) Master license Journeymen Plumbers, License HVAC techs, Master Painters, Master License Carpenters, Master Roofers & Siders. As you can see we have a large variety of professional tradesmen on hand. I personally oversee all workmanship, if I'm satisfied you will be satisfied, we pride our self on perfection.
